Meeting Outline

The Universities are creating international networks, at regional level, sharing common ideas and knowledge in teaching and research activities in the field of eBusiness. University network is considered an important contributor to eRegion development of the neighbouring countries. The intention of the cooperation is to create mobility of students and professors, imposing common lectures, creating virtual teams of students from different Universities and professors lecturing at different Universities, in order to harmonize with global and international activities of eCommerce.

Representatives of Aladin members from Slovenia, Serbia, Romania and Slovakia will share their experiences and achievements and discuss the possibilities for further cooperation.
