Technology, Innovation, and Entrepreneurship, The National Academies, United States

Using IT to Span University Boundaries and Forge New Collaborative Networks

Dianne Lux Wigand, Assistant Professor & Master of Public Administration Coordinator,
Institute of Government, University of Arkansas at Little Rock, United States

Objectives of the forum:

- The creation of instructional management systems to facilitate the delivery of learning.
- The introduction and implementation of enterprise-wide systems encompassing all academic and administrative functions.
- The integration of instructional systems with enterprise-wide systems.
- Recognition of University regional initiatives.
- The further development of eCommerce systems for university suppliers of materials, supplies, and services.
- The use of eCommerce and eLearning applications to facilitate economic and community development.
- The formation of alliances to support all of the above.
- All other pertinent issues.
